news from the

CHICAGO POLICE SERGEANTS' ASSOCIATION

President's Message

By John Pallohusky

**Dedicated to the memory of Officer Richard M. Francis # 5276
Killed in the Line of Duty — 02 July 2008**

On behalf of the Chicago Police Sergeants' Association I would like to extend our condolences to the family of Officer Richard Francis #5276, who was killed in the line of duty on 02 July 2008. Officer Richard Francis leaves behind his wife and two step-daughters.

During the early morning hours on July 2, 2008, Officer Francis was on patrol in the 019th District when he was flagged down by a C.T.A. bus driver requesting assistance for a disturbance on the bus. On this particular midnight shift Officer Francis was working alone. Officer Francis requested assistance, but he did what the 27 year veteran had done so many times before in his career - he acted and responded to a call for help. Officer Francis confronted the offender before assist units arrived. During the struggle Officer Francis was fatally wounded by the offender.

So many times Police Officers are criticized by the media, citizens, politicians and at times even our own Command staff. Somehow day after day, officers like Richard Francis just keep doing their job without any accolades, acknowledgments or even a simple "thank you" from these same people who are quick to criticize, but even quicker to call the police for help. ° Officer Richard Francis was proud to be a Chicago Police Officer and for over 27 years proudly wore the uniform of a Chicago Police Officer.

2008 Board Elections

The three year term of office for all Chicago Police Sergeant Association Board members expires after the election, just prior to the first Executive Board meeting of the new year. Terms for the newly elected officers begin with the first Executive board meeting of the year, which is 15 January 2009.

At the September 18th general meeting, there will be petitions available for qualified Sergeants who would like to run for an office of their choosing. To be a qualified Sergeant, you must have attended 50% of the general meetings within the last 12 months. This is verified by the sign in book which is available at every general meeting.

Letters explaining the election and the election procedures will be mailed to all active duty Sergeants at their assigned unit. If you have not received a letter by the 15th of September, and you would like one, please contact our office.

The election chairperson and committee are assigned by the president and approved by the board. In the past elections, the committee has been comprised of retired Sergeants. This reduces controversy and the retirees are usually available in the AM hours of a weekday. If any Sergeant retired or active expresses an interest in being part of this committee please contact our office. 

Congrats New Sergeants

Good luck to the new Sergeants. We are looking forward to seeing you at our General Meetings. Check your name on the cover of this Chevrons and make sure it's spelled right. Just remember your seniority number can only go up. Stay safe out there.
— Sgt. Don Januszyk, Retired 

Pension Report

By Sgt. Mike Lazzaro, Sergeant's Pension Representative

As of June 15 2008, there were a total of 190 sworn personnel that have retired. Below is the breakdown by rank:

P.O - 146

Sgt. - 25

Lt. - 5

Capt. - 5

Exempt Rank - 9

The last two years have been below the usual average of 400 retirees a year. For the year 2006, the total retired was 328 and the total for 2007 was 336.

It has been a tough year for investments. The 1st quarter of this year was terrible. April and May were much better. As I have mentioned before, the Fund is moving into more alternative investments, including real estate and infrastructure. The asset allocation of the Fund as of May 31st is as follows:

U.S. Stocks - 44.1%

International Stocks - 18.0%

Bonds - 30.2%

Private Equity - 5.3%

Real Estate - 1.8%

Infrastructure - 0.4%

Cash - 0.2%

Meet the Chicago Blackhawks!

On September 14 2008, at 1:30 P.M., there will be a charity softball game. It's the Chicago Police Officers and Firefighters vs. the Chicago Blackhawks. (This includes the Black Hawk players and Black Hawks' staff). This event will be held at the Standard Bank field at 141st & Kenton (Near Cicero Ave.). The money raised will go to the Widows and Orphan's Fund. Both the Police and Fire Pensions have a widows and orphan's fund. If you would like to volunteer to work this event please contact me at 312-744-3891. (Both funds have a "13th Check Program", which allows the fund to send out an additional check around Christmas in the amount of \$400.00 to all widows who are cur-

rently receiving a minimum monthly annuity of \$1,000.00.) There are currently 1800 police widows whose monthly annuity is \$1000.00. Please consider donating to this worthy cause.

Pension Elections

In October of 2005, I won the election for Pension Trustee representing Chicago Sergeants Additionally; I have served as recording Secretary of the Pension Board since Dec of 2005. I have been very pro-active and enjoy the challenges of being a Trustee. This year I will be running for re-election in the October 2008. I have been and will continue to go out to Districts and Units (all watches and weekends) to hear your concerns and answer any questions you may have concerning your Pension. I hope that I have your continued support during this year's election. As always, feel free to contact me at 744 3891. Make sure you catch the article in this issue which explains the new computer system the Pension Board has adopted. ⚡

27th National Peace Officer's Memorial

The National Peace Officer's Annual Memorial Service was held in Washington D.C. on the 15th of May 2008. There was a large group of Sergeants who represented the City of Chicago.

At that event one of our Sergeant's, Al Piantkowski was recognized by First Deputy Superintendent James B. Jackson and Deputy Chief Daniel Dugan for his efforts in supporting the National Peace Officer's Memorial and the Chicago Police Department. Sgt. Piantkowski was presented with a plaque and a flag of the United States.

Al, who prefers to remain in the back ground is a big supporter of the Sergeant's Association, and was kind enough to provide us with a stack of police patches. Congratulations and good luck to you Al. 🏠

New PABF Computer System

The Retirement Board is developing a new computer system for tracking participant's employment and contribution histories and to calculate and administer benefits. The new system will replace Wypen, a Windows-based computer system developed by the Fund's actuaries in the mid-1990s. Changes in technology as well as legislative changes to benefit formulas have taken their toll on the system, which is no longer able to support the calculation of some benefits without significant manual effort by staff. The new system will address these gaps in benefit calculation capability, as well as establishing an updated hardware and software platform based on modern internet technologies. While no changes have been planned as of this time, the new platform creates opportunities for additional functions to be made available to members through the www.chipabf.org website.

Beginning in September 2007, the Board's staff began working with a team from Bradley Consulting Group to identify system requirements. Computer

software programming began in January 2008, with rounds of testing slated to begin in July. A formal acceptance test period with Board staff simulating their daily operations using the new system will begin in the fourth quarter of 2008 and continue through year end. Implementation of the new system is planned to coincide with processing the initial city payroll files in early 2009.

Bradley was selected by the Board's staff to implement the new system based on its experience with pension funds as well as government and non-profit organizations in Illinois. Principal consultants on the team have designed and implemented computer systems for the Chicago Teachers Pension Fund (CTPF), the Illinois Municipal Retirement Fund (IMRF), and State Universities Retirement System of Illinois (SURS), as well as additional work for the State of Illinois.

Any questions may be addressed to Executive Director John J. Gallagher, Jr. 

Out-of-State and -Country Police Patches

By Retired Sgt. Don Januszyk

I would like to take the time to thank the retired and active Sergeants who sent in police patches from different states and countries. We currently have three large display frames, and one and a half of them are already filled. They are displayed on the first floor of our office where visitors are able to see them. We have patches from Poland, France and Canada. Please feel free to send us more patches or call our office to see which states we already have. If there is someone from another department that would like to trade patches, we can also make arrangements do that. 

New Police Stations

By Retired Sgt. Don Januszyk

Most of the stations in the department have been replaced with new up-to-date facilities. The pictures show some of the improvements. One of things which you cannot see clearly is the parking. There is more than enough. Not pictured is the inside of the lockup and the watch commander's office. Each station has a large public meeting room, and the District Commander's office is on the 2nd floor with a window looking out on the district desk. There are cameras located in multiple locations which include the roll call room. They are nice. ⚡

The Retirees' Corner

By Retired Sgt. Don Januszyk

If you haven't read or heard about it yet, the U. S. Supreme Court overturned the Washington D. C. ban on hand guns. This will directly affect Chicago's gun registration ordinance. A retired Sgt. recently purchased a replacement weapon for an inoperative one and the City of Chicago refused to permit him to register the new one. The Sgt. was qualified under the Federal SB-218 law which should have taken precedent in his case. The Sgt's case is currently at the appellate court level; however, it is certain that the Supreme Court ruling will affect the case. Mayor Daley in comments to the media stated that he would fight the Supreme Court ruling. I thought that the Supreme Court was the highest court in the land?

Retirees and active officers have to watch out for our Pensions. Sen. Nancy Pelosi of California, Speaker of the House, wants to tax our pensions, 401Ks, mutual funds, and more. There was a bill introduced in the Illinois Legislature last year that wanted to tax our pensions, but it was stuck in committee.

Recently the Chicago Sun-Times published a report suggesting to our Governor that pensions should be taxed as a way to fund the state budget. Again recently, Mayor Daly convened a panel of 32 people to review the City's pension system. Recently, Mr. Dana Levenson chairman of that panel, apparently violating a confidentially agreement that all members had to sign, stated to the media that they are looking to recommend that the pension system be replaced by 401K's especially for new employees. If you have never taken an interest in voting or writing your elected public official I suggest you start now.

The Retired Chicago Police Association of Chicago has new offices. They have moved from the office located on the south side at 65th and Pulaski. They are currently located on the north side with the Chicago Police Credit Union. The address is 5310 North Harlem; phone 773-763-5310.

Pension Board elections are coming up in October of this year. At this point I can only give you my recommendations and opinions. Sgt. Michael Lazzaro has represented the active duty Sergeants for the last three years. He has done an excellent job. While his predecessors did a great job, Mike has gone above and beyond. Mike is out there visiting roll calls at districts and units, and he's there on weekends and will visit any watch. Mike was the only one who voted against giving real estate investments to a political friendly firm. My support also goes to Ken Hauser who represents all of the current retirees and annuitants. Ken is outspoken and knowledgeable and is someone who we need in these up and coming difficult times.

The 2009, Corned Beef Dinner honoring the Sergeants who retired this year "2008" will be at the Hanging Gardens Banquet Hall, located in the mall at Belmont and Cumberland. The date is Thursday the 19th of February 2009. Make a note of it.

We are welcoming two Board members to the ranks of our retirees, Sgt. George Whiteside who stayed to the bitter end, and Sgt. Ed Brennen. Good luck to both of you.

It was a pleasure reading all of the notes and comments that the retirees sent in with their raffle tickets and checks. Several of them increased the amount of their checks requesting that we put the funds to good use. If you need to contact me, you can not only call the office but you can go to our website at the Retiree's Section and email me from the link. Comments are always welcome. Take care and be safe. 🏠

Retirees' Concealed Carry

By Retired Sgt. Don Januszyk

There have been several inquiries made to our office relative to applying to IROCC (Illinois Retired Officer Concealed Carry) for the right of a retiree to qualify and carry a weapon.

At the present time you must be a RETIREE before you can submit an application. However, after conferring with the Chicago Police Pension Office, it is their position that if you turn in your application for pension, PAR form, and exit interview in person at the Pension office, then you may submit an IROCC application at the same time and initiate your qualification process. This is true even if you still have a few days to work prior to your termination date.

There has been some speculation that HR 218

enables you to carry a weapon for 12 months after you retire. The State of Illinois will allow this if you can provide written documentation from your police agency, and that extension would be 12 months from the date you qualified with your department. I have never heard of the Chicago Police Department providing any such documentation.

Other states have different fees and procedures; however, residents of Illinois must abide by the current regulations. There is a link to the IROCC.ORG application process on our website. The range officers at the Will County Sheriff's range, which we use, are great. Good luck. 🏠

An elderly gent was invited to an old friends' home for dinner one evening. He was impressed by the way his buddy preceded every request to his wife with endearing terms such as: Honey, My Love, Darling, Sweetheart, Pumpkin, etc. The couple had been married almost 70 years and, clearly, they were still very much in love. While the wife was in the kitchen, the man leaned over and said to his host, "I think it's wonderful that, after all these years, you still call your wife those loving pet names." The old man hung his head. "I have to tell you the truth," he said, "Her name slipped my mind about 10 years ago and I'm scared to death to ask her what it is!"

Illinois Scott's Law

By Sgt. Don Januszyk, Retired

It's Illinois Vehicle Code-625 ILCS 5, Section 11-907, and it requires all vehicles to pull over to the right and stop until the emergency vehicle passes. We as the police all know this. This law was named after a lieutenant who was killed by a drunk driver while at the scene of an accident on Chicago's Dan Ryan Expressway. Therefore, section C now states "when approaching a stationary authorized emergency vehicle with flashing red, red and white, blue, or red and blue or amber or yellow warning lights, the driver shall pull into the adjacent lane (at least 2 lanes away if possible) and reduce speed, proceeding with caution. (The vehicles with yellow flashing light would include authorized service vehicles.)

Several other states have similar laws so be aware. Now here's the unique teaching fact regarding this law. It is not uncommon for another police vehicle to be parked a short distance down the road. If the first patrol vehicle notes a violation they will radio the patrol vehicle down the road, and you will be stopped and ticketed. The minimum fine is \$100 dollars with a maximum of \$10,000. So be aware of the above and tell your family and friends. The law is there not only for your safety but the safety of our fellow law enforcement offices and the people who maintain our roads.

One other fact. That 45 mph in a construction zone, will you can be ticketed even if there is no construction work being done or workers present. Happy driving if you can afford the gas. 🏠

Retiree Roll

Congratulations to all of our retirees. These sergeants have provided the City of Chicago with many years of service. We wish a long, healthy and prosperous retirement to all!!

Things Aren't Always What They Seem

Compliments of your Chaplain, Rabbi Moshe Wolf • 773-230-7872 • moshewolf@hotmail.com

The age old question keeps coming up as topic of conversation, 'why do bad things happen to good people? I don't have the full answer but one thing I know for sure, "Things aren't always what they seem." Let me explain with a short parable.....

Two traveling Angels stopped to spend the night in the home of a wealthy family. The family was rude and refused to let the angels stay in the mansion's guest room.

Instead the Angels were given a space in the cold basement. As they made their bed on the hard floor, the older Angel saw a hole in the wall and repaired it.

When the younger Angel asked why, the older Angel replied..."Things aren't always what they seem."

The next night the pair came to rest at the house of a very poor, but very hospitable farmer and his wife. After sharing what little food they had, the couple let the Angels sleep in their bed where they could have a good night's rest.

When the sun came up the next morning, the Angels found the farmer and his wife in tears. Their only cow, whose milk had been their sole income, lay dead in the field.

The younger Angel was infuriated and asked the older Angel, How could you have let this happen? The first man had everything, yet you helped him she accused. "The second family had little but was willing to share everything, and you let their cow die."

"Things aren't always what they seem," the older Angel replied. "When we stayed in the basement of the mansion, I noticed there was gold stored in that hole in the wall. Since the owner was so obsessed with greed and unwilling to share his good fortune, I sealed the wall so he wouldn't find it."

"Then last night, as we slept in the farmers bed, the Angel of Death came for his wife, I gave the Angel of Death the cow instead. Things aren't always what they seem." End of parable....

Sometimes this is exactly what happens when things don't turn out the way they should. If you have faith, you just need to trust that every outcome is always to your advantage or benefit. You might not know it until some time later or sometimes never. Think about this:

- Should you find it hard to get to sleep tonight just remember the homeless family who has no bed to lie in.
- Should you find yourself stuck in traffic don't despair. There are people in this world for whom driving is an unheard of privilege.
- Should you have a bad day at work, think of the person who has been out of work for the last three months.
- Should you despair over a relationship gone bad, think of the person who has never known what it's like to love and be loved in return.
- Should you grieve the passing of another weekend, think of the person in dire straits, working twelve hours a day, seven days a week, for the few dollars to feed their family.
- Should your car break down, leaving you miles away from assistance think of the paraplegic who would love the opportunity to take that walk.
- Should you notice a new gray hair in the mirror, think of the cancer patient in chemotherapy who wishes they had hair to examine.
- Should you find yourself at a loss and pondering what is life all about asking "What is my purpose?" be thankful. There are those who didn't live long enough to get the opportunity.
- Should you find yourself the victim of other people's bitterness, ignorance, smallness or insecurities; remember things could be worse. You could be them!!!

So don't forget to take a few moments to live and laugh, "Life is a gift, make the most of your present." May G-d bless you and always keep you safe. Amen. 🙏

Security Augmentation Program

The Chicago Department of Public Health (CDPH) is developing plans to preemptively respond to any public health crisis, natural or man-made, that impacts Chicago. Plans include a city-wide mobilization of resources for the mass prophylaxis of the city's residents. Security is a consideration that has to be addressed and the CDPH has recognized the potential offered by **retired law enforcement personnel**. Federal guidelines for developing security plans have included utilization of retired police officers in pandemic influenza and bioterrorism response plans. The CDPH recognizes the tremendous potential that exists in Chicago's pool of retired officers and is looking to develop plans to utilize that potential.

As a first step the CDPH would like to register those **retired officers** who would be interested and willing to provide their services in the event of a public health disaster. Benefits have not been established or determined at this point, however one benefit that is definitely being considered is the inclusion of **these volunteers in the category of "first responder" and "emergency responder" and, as such, they will receive preventive medication for themselves and their spouse and families before mass distribution is initiated.**

For additional information please contact: Dr. Mike Robbins, 312-745-0270; robbins_michael@cpdh.org or Dick Zuley (Det-Retired); at 312 745-4326, zuley_richard@cdph.org.

Interested retirees may complete the attached Registration Form and either mail or email it to Dick Zuley at: Zuley_Richard@cdph.org or the address below.

2008 Annual Golf Outing Death Benefit Fund Raiser & Scholarship Drawing

This year's Golf Outing is on **Monday the 11th of August** at the Silver Lake Golf Course, located at 147th and 82nd Ave. in Orland Park. They have treated our organization really great, and we have had great complements, even from our north side supporters. The current fee is only **\$90.00 per golfer**, which includes doughnuts, golf, a cart, and beverages on the course, snack at the 9th hole, goody bags, lunch with limited free beer, wine, & soda, door prizes, and a great time. It's a shotgun start at 0900 hours. Send in your reservation with a check ASAP. We exceeded our numbers last year, but Silver Lake helped us out in a tight spot. **Remember all profits from the golf and the raffle go directly to the Sgt's Death Benefit Fund for Active Duty Sergeants. There will be an additional drawing for six \$500 scholarships for one CHILD of a active or retired Sergeant** ⚡

Just want to give you an update on the scholarship drawing and raffle prizes. First I wanted to make sure that all understand, as was mentioned in the letter that went out with the raffle tickets, the six \$500 dollar cash Scholarships are available only to the **CHILDREN** of our active Sergeants and retired Sergeants. Perhaps in the future, if all goes well this may be expanded.

For the main raffle prizes, at the present time, we have round trip tickets for 2 on Southwest Airlines (no black out dates or restrictions), \$500 cash prize, \$500 towards a trip or a cruise courtesy of Beale Travel, and other cash prizes courtesy of our Attorney Ed Maloney. We still have prizes coming in and anticipate a longer list.

Additionally, for those who will be in attendance, there will be free door prizes, and packages of multiple prizes for which other raffle tickets may be purchased. ⚡
