

Homeowners Club of America

- **OVERVIEW** : Whether you're looking to buy, sell or refinance a home, finding the right people and services is essential. Beginning with realtors, moving to lenders, and finishing with an attorney, the search process can be time consuming, confusing, and costly. This is where we come in. HCA is a value added consumer-driven Benefits Program that facilitates "one-stop shopping" for these above mentioned services, and in addition, can provide substantial cost savings.
By calling our 800 number, or by going to our website, an HCA representative will supply the consumer with recommendations on top performing local Realtors - Competitive and trustworthy Lenders - and qualified professional Attorneys - all of which will supply the user with cost saving benefits ; the attorney being the largest savings, as all legal representation is waived.
- **TERMS** ? Users can pick and choose those specific services desired; we only ask that you must select 2 of the 3 core services suggested, the attorney being mandatory.
- **COSTS** ? There is no cost for companies, groups, organizations or associations to become partners with HCA and additionally no cost for employees / members and their friends and families to use the program
- **AVAILABILITY** : The HCA Benefits Package is not available to the general public and is only available through participating Employers, Affinity Groups, Unions and Trade Associations : to their employees, members, and to their friends and families.
- **PRE-EXISTING "LEGAL PLAN"** ? Some Employers subscribe to "Pre-Paid Legal Plans" that entail periodic payments by employees or offer a percentage discount off of "normal legal fees." HCA Membership, by contrast for Home Sellers/Purchasers involves no cost to Employers or Employees. The HCA Group Legal Program can enhance any existing legal service plan with no obligations whatsoever.
- We fully expect any business, group, or association to be thrilled upon being invited to join this program, with its employees or members benefiting most when that time comes to buy or sell a home. However we have even more reason to be involved with HCA. This one should have business owners and group leaders jumping out of their shoes to participate with ... **FREE MARKETING** ...
- **SHOP LOCAL** : Not only will we advertise your company or group cost free on our website, social media, and newsletters ... But in conjunction with our parent company, PNTN, we will provide you a cost free marketing opportunity at the closing tables of these real estate transactions. Gift bags branded with your company's logo, or containing your company's flyers and coupons, are an opportunity to brand yourself with those moving into the neighborhood. Again, this is all cost free.

Please do feel free to contact me to learn more about joining with HCA and about our marketing opportunities, all cost free to the participants and to the users of the program services.

**WE CAN
SAVE YOU
\$2,000
ON CLOSING
COSTS!**
