Chicago Police Sergeants' Association Newsletter

January 2023 Volume 64 Number 1

President's Message

By President James Calvino

I will start this edition of Chevrons wishing a Happy New Year to you all. Let's all hope that this new year brings with it better times for all.

Welcome and congratulations to the newest 100 Members of our Association. You have started the next chapter of your careers which arguably is one of the most difficult transitions on the job. Please reach out to another Sergeant or us at the Union if you should ever need a question answered or some advise. Again, congratulations and I wish you the best.

We will be posting our endorsements for the upcoming Municipal elections on the CPSA website by the middle of January. Please vote! And make sure your family votes also. We need to show the political powers we are a force to contend with. With the number of Aldermanic seats open due to current Council Members not running, and pro Police candidates running we can really make a change if we get out and vote. I'll steal a slogan from the Department, "Be the change." We should and can change the City Council to one that treats us fairly and values the Police and the sacrifices they constantly make.

We will be starting contract negotiations with the City very shortly. I can say that achieving protections regarding mandatory cancelations of day offs and extended tours of duty are extremely high on the list of items we are demanding. Numerous Members have asked about the "Me-Too" clause in our Contract regarding FOP's 2023 wage. Yes I have made the Department aware of it. I stressed to them that it's in the best interest of all to simply apply the raise to us also. The raise takes effect for work on/after 01 January 2023, which is paid on 16 January 2023. If the raise is not applied to our checks we will immediately file a

President's Message*...continued from page 1*

class action grievance as it would be a violation of our Contract. This would be a simple arbitration for us to win and the Dept/City knows this. By not awarding us the 2.5% raise initially, they are only delaying what an Arbitrator will order them to do. And also incurring thousands of dollars of fees for the arbitration process.

For those of you who may not know, we are Unit 156A of the Illinois Police Benevolent and Protective Association (PB&PA) which is a member of National Association of Police Organizations (NAPO). Please take a look at their websites ([Home | Illinois Police Benevolent and Protective Association \(pbpa.org\)](http://Home | Illinois Police Benevolent and Protective Association (pbpa.org) National Association of Police Organizations :: Home (napo.org)) [National Association of Police Organizations :: Home \(napo.org\)](http://National Association of Police Organizations :: Home (napo.org))) as they both contain a wealth of information for us. I would like to inform all of you that PB&PA Chief Legal Counsel Sean Smoot was appointed as Chairman of the Illinois Law Enforcement Training and Standards Board by Gov. Pritzker. Having someone from our circle should bode well for us. It's always better to have friends in important positions. Congratulations to Sean and I look forward to him guiding the ILETs Board in the right direction.

DROP - Deferred Retirement Option Program. For those that have not heard of this or do not know a lot about it, please search the internet and gather some info. We will be talking to the City (in conjunction with the FOP, Lt's, and Capt's) regarding implementation of a DROP here. As more information develops I will keep you all informed.

For those of you who have visited our attorneys at their office downtown, know driving there and parking was a major inconvenience. After some discussions, the decision to have the PBLC move to our location was made. Starting next month, February, the PBLC attorneys will be located in our office located at 1616 W Pershing Rd. We feel that this move will be much more convenient to you, the Members. Please note only their address is changing, they will still have the same phone number, 312-453-7751. As this move was implemented after the 2023 handbooks went to press, the old address is listed, please correct the address in your book once you receive it.

Some housekeeping issues. If you have recently moved, changed any personal information, or need to update your beneficiary information please inform the Union. If you are unsure of what info we have on file please send me an email, jcalvino@chicagosergeants.org.

Please stay safe and once again Thank You!

Vice President's Report

By Vice President Danielle Barnes

I hope this New Year brings a positive outcome to all members and their families. I just want to remind everyone of a few things. I want to first encourage everyone to attend a Union meeting and get involved this year. The association would truly benefit from more active participation and input from the membership. See below for the schedule.

I also want to remind everyone of a benefit that is available to the membership. Given the lengthy suspensions that have unfortunately become commonplace, a member should file a grievance if served with a lengthy suspension. We also have a Suspension Reimbursement Program for members that are served with discipline. A member can be compensated for up to five (5) days of suspension time. If interested in that benefit please contact the office and request an application.

As always, please take care, stay safe, and thanks for the opportunity to continue serving the membership.

Pension Report

By John Lally Pension Board Rep

Happy New Year to all our members. I hope everyone has a safe and successful 2023. As 2022 drew to a close, we saw a record number of retirees once again. As of the December board meeting, the Fund has 705 new retirees/annuitants. This is up from the record number of 676 in 2021 and 560 in 2020. While the increase in the number of retirements increases our monthly obligations, there is reason for optimism. The contributions from the city continue to increase every year as we march slowly back to being properly funded. The city is required to pay \$799,000,000 into our fund in 2023. For payment year 2022, they were required to put \$786,000,000 into the fund. To give these numbers some historical context, for every year between 2000 and 2014, the city contributed less than \$200,000,000 or about 25% as much as their current required contributions. It is no wonder that the funded ratio of the pension fund went from 70% to under 30% in that same timeframe. The point of these figures is to illustrate that the direction of the fund is much different now than it was a decade ago. I am pleased to report that the city has demonstrated that they take our funding challenges seriously when on 03-January-2023, the city paid the fund an advance payment of \$89,540,000. This payment is separate and IN ADDITION TO their statutorily required contribution of \$799,000,000 for 2023. There are plenty of reasons to grow frustrated with the state of the CPD and the City of Chicago in general, but we must give credit where credit is due. It would appear that the City is willing to work with the Fund in coming up with meaningful solutions to improving the health of our Fund.

Food for Thought*By Rabbi Moshe Wolf - Chaplain***"Reflections and Perspectives" Compliments of Rabbi Moshe Wolf...**

As the year 2022 comes to an end, let us take a moment to reflect on the past and learn for the future. Sometimes people come into our lives and we know right away that they were meant to be there, to serve some sort of purpose, to teach us a lesson, or to help us figure out who we are or who we want to become. We never know who these people may be (possibly our neighbor, coworker, long lost friend, lover, or even a complete stranger), but when we lock eyes with them, we know at that very moment they will affect our lives in some profound way. Sometimes things happen to us that may seem horrible, painful, and unfair at first, but in reflection, we find that without overcoming those obstacles we would have never realized our potential, strength, willpower, or heart. Everything happens for a reason. Nothing happens by chance or by means of good luck. Illness, injury, love, lost moments of true greatness, and sheer stupidity all occur to test the limits of our soul. Without these small tests, whatever they may be, life would be like a smoothly paved, straight, flat road to nowhere. It would be safe and comfortable, but dull and utterly pointless. The people we meet who affect our lives, and the success and downfalls we experience, help to create who we are and who we become. Even the bad experiences can be learned from. In fact, they are probably the most poignant and important ones. If someone hurts us, betrays us, or breaks our heart, forgive them, for they have helped us learn about trust and the importance of being cautious when we open our hearts. If someone loves us, love them back unconditionally, not only because they love us, but because in a way, they are teaching us to love and how to open our hearts and eyes to things. Make every day count. Appreciate every moment and let us take from those moments everything that we possibly can for we may never be able to experience those moments again. Talk to people that you have never talked to before, and actually listen. Hold your head up because you have every right to. Tell yourself you are a great individual and believe in yourself, for if you don't believe in yourself, it will be hard for others to believe in you. You can make of your life anything you wish. Create your own life and then go out and live it with absolutely no regrets. Most importantly, if you love someone tell him or her, for you never know what tomorrow may have in store. And remember, learn a lesson in life each day that you live.

The following story helps put it in the right perspective. A man stopped at a flower shop to order some flowers to be wired to his mother who lived two hundred miles away. As he got out of his car he noticed a young girl sitting on the curb sobbing. He asked her what was wrong and she replied, "I wanted to buy a red rose for my mother. But I only have seventy-five cents, and a rose costs two dollars." The man smiled and said, "Come on in with me. I'll buy you a rose." He bought the little girl her rose and ordered his own mother's flowers. As they were leaving he offered the girl a ride home. She said, "Yes, please! You can take me to my mother." She directed him to a cemetery, where she placed the rose on a freshly dug grave. The man returned to the flower shop, canceled the wire order, picked up a bouquet, and drove the two hundred miles to his mother's house. (Way to go!!!!!! Definitely, a thought to keep in mind.)

As we are about to enter a New Year 2023, let us take a moment to give thanks for all of our blessings of the past and pray that we continue to merit G-d's love and blessings. Let us use the following creed to help us with our New Year resolutions!

...Continues on next page

Food for Thought*...continued from previous page***"A Creed To Live By"**

Don't undermine your worth by comparing yourself with others. It is because we are different that each of us is special.

Don't let your goals be based on what other people deem important, only you know what's best for you.

Don't take for granted the things close to your heart, cling to those you love as you would your life! For without them life is meaningless.

Don't let your life slip through your fingers, by living in the past or for the future. By living your life one day at a time, you live all the days of your life.

Don't give up when you have something to give, nothing is really over until the moment you stop trying.

Don't be afraid to admit that you are less perfect, It is this fragile thread that binds us to each other.

Don't be afraid to encounter risk, It is by taking chances that we learn to be brave.

Don't shut love out of your life by saying it's impossible to find. The quickest way to receive love, is to give love, the fastest way to lose love is to hold too tightly. And the best way to keep love is to give it wings.

Don't dismiss your dreams, to be without dreams, is to be without hope, to be without hope is to be without purpose.

Don't run through life so fast that you forget not only where you've been, but also where you're going.

LIFE IS NOT A RACE, BUT A JOURNEY TO BE SAVOURED EACH STEP OF THE WAY.....

*...Continues on page 9***Pension Report***... continued from page 4*

I have recently heard concerns about the number of department members who are resigning before they qualify for a pension and simply take a refund of their contributions. Of course, I understand the desire of some to leave the department for a change in career and I wish them well in their future endeavors, but for many, this could be a questionable financial decision. If you wanted to purchase the annuity we stand to collect when we retire on the private market, it would cost you well over \$3 million. The pension is the most valuable asset we have as Chicago police officers and I am confident that it will be there for all of us when we retire regardless of the recent increase in the number of resignations and retirements.

As for total receipts for 2022: as of December the Fund had received \$664,141,000 of the city's total obligation of \$786,793,000 for payment year 2022. We expect to receive the remaining \$122,652,000 in the first quarter of 2023.

As always, please feel free to reach out to me if you have any questions or concerns. I can be reached at my department email address john.lally@chicagopolice.org or at jlally@chipabf.org

Chaplain's Corner

Fr. Dan Brandt - Chaplain

From Your Directing Chaplain, Fr. Dan Brandt...

Last month I had the chance to visit Santa Claus (aka retired PO Darrin Bourret) to ensure I was on his "Nice" list. Even better than seeing Santa was visiting with PO Carlos Yanez Jr. as he **walked** around greeting the crowds. God is good!

Also last month, Police Chaplains Ministry hosted our beloved Gold Star Family members at the annual pre-holiday dinner at Soldier Field. What a wonderful opportunity for us to thank these families for the sacrifice they endured, and to reiterate that their loved one who died in the line of duty will NEVER be forgotten! Thank you to all our supporters who make the annual event possible!

As you well know, we as a blue family have had a horrible couple of months. At wakes/funerals last month, I begged officers to take advantage of the resources available. In the past few years, our Employee Assistance Program (EAP) tripled, then quadrupled, and now QUINTUPLED the number of clinicians available to our members. These professional counselors provide confidential assistance and are available 24/7 at 312-743-0378.

If the CPD Chaplains can ever be of ANY assistance/support to CPD members, retirees or families, please don't hesitate to call on us: Chaplain Bob Montelongo (773/459-5089), Chaplain Joe Jackson (312/771-6684), Chaplain Hysni Selenica (312/771-6692), Chaplain Kimberly Lewis-Davis (312/771-6638), Rabbi Moshe Wolf (773/463-4780), or me (773/550-2369). All of these numbers (also listed in your FOP directory under "Chaplains") are cell phones and receive text messages. You can also email us through the chaplains' website. As with EAP, you can be assured of our non-judgmental confidentiality.

Attention married couples: Chaplain Kimberly Lewis-Davis is putting together a police marriage weekend retreat. It'll be held the weekend before Valentine's Day. Mark your calendar to come strengthen your marriage with a dozen or so other couples! Enrollment is limited, and attendee costs are offset by Police Chaplains Ministry and the Chicago Police Memorial Foundation. To reserve your spot, please email Chaplain Kimberly Lewis-Davis at Kimberly.LewisDavis@ChicagoPolice.org.

A Blue Mass is scheduled for Sunday, 19 FEB, at 8:00 a.m. at St. John Fisher Parish (103rd Street). All are welcome to pray with and for our officers. This Mass coincides with a Chicago Police Memorial Foundation "Get Behind the Vest" fundraiser pancake breakfast hosted by Alderman Matt O'Shea and St. John Fisher Parish.

Our regular twice-monthly police Masses are offered at Mercy Home in the West Loop. In order to allow for social distancing, we meet in the indoor soccer field at Adams and Aberdeen. Mass is held the 2nd and 4th Sundays of each month at 11:00 a.m. and, for the sake of on-duty worshippers, is kept under 30 minutes.

Ash Wednesday is 22 FEB. In keeping with time-honored tradition, CPD Chaplains will distribute blessed ashes at various locations throughout the city. The schedule will be posted on The CPD Wire and our website.

Keep up with all of our happenings on our FaceBook page or website (www.ChicagoPCM.org).

God bless you as you continue to do God's work. Please stay safe and healthy! Know that active or retired, you're in our daily prayers.

And a little humor to finish your year with a smile...

"How did you get rich?"

A young man asked an old rich man how he made his money. The old man fingered his worsted wool vest and said, "Well son, it was 1932, the depth of the Great Depression. I was down to my last nickel. I invested that nickel in an apple. I spent the entire day polishing that apple and, at the end of the day, I sold the apple for ten cents. The next morning, I invested those ten cents in two apples. I spent the entire day polishing them and sold them for 20 cents. I continued this system of polishing and selling, each time reinvesting my profits into buying more apples." "Wow!" said the young man, "and that's how you accumulated your fortune?" "Nah", said the old man, "my wife's father died and left us 20 million dollars."...LOL

For the curious: Why I put in the dash in The name of G-d
Please note: I do not spell out The name of G-d out of respect. Spelling out THE NAME and then throwing it in the trash, would be considered by some, a desecration of THE NAME, so I put in the dash. This is a religious custom some follow, thanks for understanding.

On behalf of All the Chaplains, May G-d bless you, keep you safe and always keep you in his loving care. Season's Greetings, Merry Christmas, Happy Chanukah and a very Happy New Year, may 2023 be one of our best ones yet!

Should you need an ear to listen or a shoulder to lean on, or perhaps have some good humor to share, please don't hesitate to give us a call.

History Of The Chicago Police Sergeants' Association Collective Bargaining

By... Past President Ret Sgt Bob Kirchner

Most members of the Chicago Police Sergeants' Association don't know or understand how the PBPA became their collective bargaining unit. I'll try to explain and inform you how this came to be.

Upon FOP becoming the collective bargaining unit for Patrolman, Sergeants and above were not covered under the agreement. The city fought to prevent this. As supervisors we were considered management and worked at the whim of the department. There was no bidding for districts. Units of assignments, watches, day off groups were assigned by the department. A Sergeant could be assigned to different districts and watch at any time. There was no grievance procedure, and overtime was given hour per hour in compensatory time only.

In 1990 the Sergeants', Lieutenants', and Captains' Associations, with assistance from FOP Lodge #7, petitioned the Illinois Labor Board for the right of supervisors to organize and receive collective bargaining rights. This action was fought vigorously by the city to prevent collective bargaining by the units. Finally, in 1997 the Illinois Labor Board issued their decision allowing supervisors to have collective bargaining rights, with the provision that each rank have their own bargaining unit, and not be collectively one unit. FOP Lodge #7 who up to this point had been helpful in obtaining collective bargaining rights, informed the supervisory units that they would be included under FOP#7, and not allowed to have their own units per FOP bylaws authorizing one FOP unit per municipality. The Presidents of the respective supervisor's units met the National FOP President on the tarmac at O'Hare airport. After pleading their case, the National President informed the supervisors that they could form a separate FOP Lodge as long as the Illinois FOP President gave his approval. The collective Associations then petitioned the Illinois state FOP President for his approval which was denied. The FOP told the supervisor units that they may have up to three (3) members on the FOP Lodge #7 board, but they would have to run as candidates with the Patrolmen for those positions. This decision was a serious blow to the supervisory unit's aspirations of having their own collective bargaining units.
